

New Year's UDPL 3-Gun Match Announcement -

Come on out and have some New Year's fun with your fellow UDPL shooters.

When: Dec 31st, 8 a.m. sign in

Where: The FARM

Round Count:

Pistol = 58 rounds

Shotgun = 38 rounds birdshot (**no slugs this time**)

Rifle: = 60 rounds

All of these counts are absolute minimums, so bring more.

Particulars:

I have designed 6 Vickers stages so the match shouldn't take too long.

None of the stages require any movement because it will probably be icy out there.

ALL of the stages will be Steel Only and will be at relatively close range, so if you are willing to brave the cold, we'll make sure that you get home in the early afternoon to get ready for the evening celebrations.

I will probably go out to the FARM to set up Friday the 30th, and if any of you could spare a few hours for set-up, I would greatly appreciate it.

Thank you all for allowing me to serve as your 3-gun match director and I really appreciate the help I get from all of you each and every time.
