

May 24, 2014 – Day IDPA BUG/Carbine Stages

I. General Notes

There will be five IDPA stages to shoot prior to the Night Match. Setup will start at 0900 and shooting will begin at 1300. You will need to check-in and get a score sheet for both the BUG and Carbine stages. There are no new shooters allowed as there will be no new shooter safety briefing in concurrence with the Night Match. There will be three (3) back up gun (BUG) stages and two (2) carbine/rifle stages. All equipment, firearms, and scoring must conform to IDPA BUG rules and IDPA Defensive Multi-gun rules. We will be using paper scoring for these matches. Any questions contact Match Director: Ari Theodore atwolf@hotmail.com

II. IDPA Back Up Gun Match

- Stages: Three (3)
- Round count: 45rds
- Divisions: BUG Revolver, BUG Semi-Auto

Handguns permitted for use in BUG matches must:

- Be single action, double action, double action only, or striker fired.
- Be either semi-automatic or revolver.
- Be a center fire caliber
- Barrel length:
- Semi-automatic: 3.8" or less.
- Revolver: 3" or less.

Note: There is a Five (5) round max per stage. **This means you can only load FIVE (5) rounds total in your gun.** If you have a semi-auto than means four (4) in the mag and one (1) in the chamber regardless of your capacity. If you have a six (6) shot revolver this means you can only load five (5) of the six (6) cyl chambers. You may use a concealment holster but it must conform to the following: OWB, IWB, Strong side only...no cross draw, leg, fanny-pack or shoulder holsters. Pocket holsters are OK as long as they are designed to hold the firearm securely in a position for safe deployment otherwise you will start with the firearm in a box or bag. **You cannot shoot these stages with a non-BUG firearm for score...you may shoot them for fun with your non-BUG gun if you wish.**

III. IDPA Defensive Carbine Match

- Stages: Two (2)
- Round count: 50rds
- Divisions:

Stock Service Gun (SSG)

- Rifle: 5.56 x 45 mm (.223) or larger caliber, with iron sights only.

Enhanced Service Gun (ESG)

- Rifle: 5.56 x 45 mm (.223) or larger caliber, with iron or single optic sights only. The use of an inline optical magnifier is legal. **Rifles with multiple optics are prohibited.**

Stock Pistol Caliber Carbine (SPCC)

- Rifle: 9 x 19 mm or larger pistol caliber (including .30 carbine) with iron sights only.

Enhanced Pistol Caliber Carbine (EPCC)

- Rifle: 9 x 19 mm or larger pistol caliber (including .30 carbine) with iron or single optic sights. The use of an inline optical magnifier is legal.

No steel core ammo is permissible. For the complete equipment and procedure the IDPA Defensive Multi-Gun rules may be consulted here: <http://gunnuts.net/wp-content/uploads/2010/07/idpadmgrules.pdf>
