

UDPL/IDPA Safety Officer Training – Date Change –

From our UDPL Training Officer, **Steve Koski**, who is also the Utah area IDPA Safety Officer Training Instructor:

Safety Officer training is beginning again. This will be for both IDPA Safety Officers, and for general UDPL Safety Officers at 3-gun, ICORE, and Handgun matches. IDPA members who pass the class will qualify as Certified IDPA Safety Officers. Non-IDPA members who pass will qualify as UDPL Safety Officers. If you are active with UDPL or IDPA, please apply and give back to the shooting sports.

If you are interested in attending, fill out the application form [linked here](#) and return it to Steve Koski at koski88@hotmail.com. If you are currently an IDPA safety officer and simply want a refresher course and training on the new rule book, you may attend at no charge, but you must RSVP to secure a spot.

We are going to be selective about who attends. In general, **we want to train those that have attended 6 or more matches and are active with the club**. We will consider those who haven't shot 6 matches yet.

The class cost is **\$20**. It has been tentatively rescheduled for **Saturday, November 9, 2013** from **8 am to 5 pm** in **Bountiful, UT**. UDPL Safety Officers shoot our normal matches for \$5.00 if they act as the SO for them.

Specifics for this class, as well as a link to the application form, can be found on the UDPL.NET [Schedule & Results](#) Web page
