

Safety Officer Training Class –

Steve Koski will be conducting a **Safety Officer Training Class** at his home at 912 S Country Manor Lane, Alpine, UT 84004, from **8:00 AM** to **5:00 PM** on **Saturday, December 10th**.

Cost is \$15, payable by check in advance. Make out checks to Steve Koski and mail it to the above address.

Bring your IDPA gear, a lunch, and an airsoft gun or plastic training gun if you have one.

If you are a UDPL member, \$10 will be refunded to you when you complete the class. If you are not a UDPL member, you may pay your membership fee of \$12 at the November IDPA Only Match or at the training class.

UDPL member SO training offers additional benefits including:

- Being able to shoot any UDPL match for free for one year from the date of the training class if you act as the SO for the match
- After the above one-year period, you will be able to shoot any UDPL match for which you act as an SO for \$5

This class is open to all shooters, not just UDPL or IDPA members. Steve uses the IDPA Safety Officer Training Course for training all safety officers.

If you are an IDPA member, or join the IDPA shortly after the class, this class will qualify you as a certified IDPA Safety Officer and will be recognized as such with IDPA Headquarters. You will then be eligible to act as an SO for any sanctioned IDPA match throughout the country.

If you have any questions, please email Steve at koski88@hotmail.com

It would benefit those who are planning to attend this training to carefully review the official IDPA Rulebook which may be viewed and downloaded using the following link:
