

September 16th 3-Gun Match Information –

What: 3-Gun match at the FARM

When: Sept 16th, the 3rd Saturday

Round Count:

Rifle: 69 rounds

Shotgun: 38 rounds Birdshot, 8 Slugs

Pistol: 71 rounds.

186 rounds combined minimum total

These are absolute minimums, so bring more.

Specifics:

Since UDPL worked hard in making their 3-gun match rules closely imitate the other major 3-gun matches out there, I thought I would design a match that would imitate the actual courses of fire that many of them use.

There will only be four stages, and each stage will require the use of all three guns. With 4 stages, that means shooters will be waiting longer between stages. If this bothers you, then you need to know about it and decide if you want to shoot less frequently at this particular match.

There will be about 30 yards of movement per stage. Each stage will use about 45-50 minimum combined rounds for all weapons. Rifles will only use 20 min. rounds per stage, so bring your 308 with 20 rd mags and you won't be handicapped. Pistols will use about 20 rounds per stage, so bring your 1911 single stack with 10 round mags and you won't be handicapped, either. Shotguns will use about 10 bird and 2 slugs per stage. So this is a match that won't particularly favor any combination of guns.

Scott Peterson of Utah Multigun, has cancelled his September match so that his group can shoot with UDPL because of similar formats. He has graciously offered to let UDPL use his "Texas Star". We'll be using that on one of the pistol portions of the match. Thanks, Scott, and we welcome you all out to the match.

Lastly, I will be out at the FARM Friday the 15th to set up as much as I can for the match. I will be out there by 2pm. Rodney and Ryan, if you can come out and help, along with anyone else, then I would really appreciate it. Thanks so much for the help in the past for the setup.

Thanks,

John Lowe
